

Refresher courses

Summer work

In order to prepare the refresher courses, students enrolled in the master IMDEA are asked to connect on the numerical platform giving refresher courses. The course can be found [here](#) (contact us to be registered)

Courses organisation

Preliminary test

- 1 . Beginning of September : preliminary examination
- 2 . Students who GET ALL the skills in one course **will become tutor** for other students
- 3 . Students who do NOT GET ALL the skills in one course **will have to follow** the refresher courses.

Refresher courses sessions

Each day, the refresher courses sessions will be organized as follows :

- 1 . Summary of the useful knowledge with a teacher (1 hour)
- 2 . Work between students or between students and tutor (2 * 2 h)
- 3 . Question-and-answer session with a teacher (1 hour)
